

1st motivAtEyoUth Newsletter March 2019

LET'S motivAtEyoUth!

WELCOME TO THE MOTIVATEYOUTH PROJCT

This European co- founded Erasmus +project started on February 2019 and will last 24 months, seeing the involvement of 5 European countries: Italy, Cyprus, Portugal, Poland and Spain which will cooperate, share their expertise and experience, in delivering and achieving the project goals.

The aim of this project is to Preventing the Early School Leaving phenomenon in the EU through practical and innovative solutions like a multi-intervention program for youth and youth workers focused on two stages:

- prevention actions for youths prone to high-risk behaviors, on the early school leaving phenomenon (ESL)
- intervention measures and actions for youth classified as early school leavers to prevent, remedy and reduce Early School Leaving (ELET).

A core aim of the motivAtEyoUth project is to promote quality youth work and provide youth workers with capacity-building material and activities, so they will be adequately prepared to address the risks of early school leaving.

To achieve this, the project will elaborate a toolkit for experts, an online game called "Journey to your future", a tool for competence assessment and an online educational platform available for everyone.

These results will be tested during two short-term training activities that will take place in Poland and Cyprus.

Keep following us for more info about the motivAtEyoUth activities. Soon our website will be ready, where you can find information about the project partners, events, dates and activities... don't forget also to like our **Facebook Page** [Motivateyouth](#) and if you have any questions send us an email @motivateyoutheu@gmail.com

Stay tuned and don't miss this great opportunity...let's motivAtEyoUth together!
