

## 4th Newsletter

### March 2021 progress and developments

#### motivatEyoUth extended

The Erasmus+ motivatEyoUth project has been **extended**, the partners will continue to work alongside for six more months until **July 30th**, 2021 to implement the project activities.

The pandemic outbreak that occurred in 2020, created some difficulties to overcome for the partners to implement the project activities that didn't have the chance to meet in person the project target groups due to the restriction measures taken in each country.

#### Pilot Test

In January 2021 the pilot test of motivatEyoUth intellectual outputs was **concluded**. All the partners collected feedback and results after each national pilot testing session to have a clear overview of how this **first version** performed and what should be improved in their final one.

#### CURRENT DEVELOPMENTS

- Short-term joint staff training events online
- Project extension
- Experts Toolkit
- Online game Journey into your future
- ICT competence assessment tool
- Online Educational Platform

## Fine-tuning

After concluding the pilot testing phase the responsible leader of the project outputs  
 UPORTO - Experts programme toolkit  
 COMCY - Online game “journey to your future  
 OIC POLAND - ICT Tool for competence assessment  
 OPEN EUROPE - On-line educational platform  
 Have started working to a preliminary fine-tuning that will have as an outcome the **final version** of the project outputs, and will also take into account the **feedback** that will be collected during the short-term joint staff training events online.

## Short-term joint staff training events online

The two **international** short term joint staff training events that originally were scheduled to take place in April 2020 in Cyprus and Poland, due to the current global situation that still doesn't allow the partners and participant to travel had to be rescheduled **online** and the partnership is currently working on its arrangement.

This training event will take place in **two** separate **sessions** of 3 days each.

The first one will be addressed to teachers, youth workers, social workers, trainers, coaches that work with young people aged 14-18 who are at high risk of early school leaving.

The second session is addressed at professionals that work with young adults aged 18-24 who are or have been early leavers from education and training.

Soon will be available on our project website the **program** of the two courses.

These activities will be a unique training and educative **experience** for the participants, that will join from all partners countries, so as to become familiar and competent in using the projects' outputs as well as share valuable experience and feedback.

Are you a teacher, an educator or a Youth worker? Would you like to take part to our short training events? Contact us at [motivateyoutheu@gmail.com](mailto:motivateyoutheu@gmail.com)
