# Tool for competence assessment

for people aged 18-24 who left the school before completing  
upper-secondary education

# Training programme

- Test construction procedure
- Competency assessment guide
- Assessment of 10 key competencies for effective functioning on the labour market and further career-education planning for people who dropped out of school
- Feedback report for a test user

# Tool for competence assessment

The tool is addressed to young people aged 18 to 24.

The tool is used to diagnose the competencies of early school leavers (young people aged 18 to 24) and to identify their development needs and leverage the results to provide opportunities for their further personal development.

# Tool for competence assessment

The partners used the psychometrical procedure applied when creating psychological tests

1. Development of theoretical framework for the test (10 competencies)
2. Development of guidelines for statements creation
3. Creation of approx. 400 statements
4. Selection of approx. 150 statements and assessment of the statements by 24 competent judges (accuracy assessment)
5. Based on above assessment, selection of 85 statements with the highest accuracy
6. Carrying out standardization research in the project countries (IT, CY, PL, PT, SP)
7. Performance of psychometrical analysis
8. Creation of the final test (50 statements) and norms.

## **Welcome to the motivatEyoUth ICT tool for competence assessment.**

This tool is addressed to young people aged 18-24 who left the school before completing upper- secondary education. The tool is free of charge.

The self-assessment test is designed to help you to get to know yourself better and assess your skills for the labour market and the modern world of work. When you finish the test, you will receive a feedback report detailing your strengths and the areas that need development. Test results can help you to make decisions about further education and career planning as well as to explore the labour market. Before you take the test, you will need to provide some information about yourself. This data will be used solely to interpret the assessment results and prepare the competency report. Please read the Information clause on personal data processing of a tool user [here](#) and click the accept button below.

I have read and agree to the terms of service

You can stop the test at any time. If you want to continue the test, save your token to log in again. All the results will be saved.
