

PREVENTING THE EARLY SCHOOL LEAVING PHENOMENON IN THE EU THROUGH PRACTICAL AND INNOVATIVE SOLUTIONS

2018-2-IT03-KA205-014235

LAST TRANSNATIONAL MEETING

On June 17, the partners met online for the last transnational meeting of the project. After nearly 3 years, one project extension that postponed the end from January to July 2021 and a pandemic outbreak in the midst of project development, the partners met for the last time to work together on the latest project activities as the project's end approaches.

The meeting focused mainly on the project management tasks and the remaining activities to complete like the national Multiplier Events; it was also an opportunity to reflect and think about the time spent together working on the project.

NATIONAL DISSEMINATION EVENTS

In each project partner country, the partners are organizing a **national dissemination event** to present, disseminate and make known motivatEyoUth results as useful tools to prevent and intervene in case of *early school leaving phenomenon*.

You can find the

- [Expert Toolkit on the e-learning online platform](#)
- [the online game "Journey to Your future"](#)
- [and the ICT Tool for Competence Assessment](#)

available for free in Italian, Portuguese, Greek, Spanish and Polish language and provided of an user guide with instructions on how to use them.

FINAL CONFERENCE IN SPAIN

This partnership had only had the opportunity to meet in person twice, for the Kick-off meeting in Italy and the second transnational meeting in Poland, apart from this, all the activities had to be moved online not without some difficulties to adapt the original work plan to the situation imposed by the pandemic.

But as often happens, these challenges, created an opportunity to experiment with new ways of working and new tools, as demonstrated with the remote participation of the partners in the final conference due to the impossibility of physically traveling to Spain as originally planned. OPEN EUROPE took care of the organization of a national dissemination event that saw the partners connected online or involved in the production of videos reporting their testimony, their experience and the impact that motivatEyoUth project has had on their organization and work, for those who have not had the opportunity to connect during the event.
